

## Factsheet about IALI

- A **global professional association** for labour inspection.
- Established in 1972, and currently has over 100 members worldwide.
- IALI's interests are in **labour protection, working conditions** and **occupational safety and health**

## How does IALI help labour inspectorates?

- Promotes **professionalism** and continuous improvement of labour inspection activities
- Represents the **interests** of labour inspectorates globally
- Promotes **collaboration** with other bodies with an interest in labour inspection
- Promotes **sharing and exchange of experience** among its members through regional networking and other activities
- Provide **advice and information** to its members through the Association's website, Facebook, newsletters, reports, and other publications.
- Holds regional and international conferences for exchanges of ideas and good practices in labour inspection

## Membership

- Membership of IALI is open to **any group or association of Labour inspectors**, and the **Labour Ministry or department of any state** (or any region of a Federal state) that is **responsible for directing or planning labour inspection**.
- Annual fees for full members range from **550 to 2640 Swiss Francs (CHF)**, depending on the size and status of the individual member. Associate membership is also available.

## Interested to apply?

- If you wish to join IALI and you meet the membership criteria, please contact IALI Secretariat.
- You should also send brief information about your organisation, such as a note explaining its functions or its Articles.
